Locations providing bottled water in Fort Worth

fortworthbusiness.com/government/limited-bottled-water-available-for-residents

To assist residents who are without consumable water, four Fort Worth fire stations are open to distribute water in the impacted area:

- Station 9, 2575 Polaris Drive, Fort Worth, TX 76137.
- Station 31, 4209 Longstraw Drive, Fort Worth, TX 76137.
- Station 37, 4721 Ray White Road, Keller, TX 76248.
- Station 38, 13280 Park Vista Blvd., Fort Worth, TX 76248.
- Residents can also pick up water at this school location:
- Trinity Springs Middle School (Keller ISD), 3350 Keller Hicks Road, Fort Worth, TX 76244.

Additional locations will be added. Continue to check the city’s website for updates. You can also call 817-392-1234 for additional water distribution locations. Because supplies are limited, each household is limited to one case.

Distribution at all sites will begin Wednesday, February 17 from 5 – 7 p.m. or until they run out. Starting Thursday, February 18 distribution will begin at 8:00 a.m. and will continue as long as supplies last.

When it is no longer necessary to boil the water, Fort Worth will notify customers that the water is safe for drinking water or human consumption.
