

New, enhanced digital emotional wellbeing program

Powered by NeuroFlow

On July 1, 2022, Magellan Healthcare will launch a new program for mind, body and life, powered by NeuroFlow, that will include enhanced versions of our award-winning digital cognitive behavioral therapy (DCBT) modules. Live your best life with this new app that can help you in a variety of areas.

Key features

- Complete activities such as breathing exercises, meditation, yoga or journaling
- Track mood, sleep, stress and pain, and see your progress
- Connect other trackers like Fitbit, Garmin and MyFitnessPal through Apple Health or Google Fit
- Address anxiety and depression anytime, anywhere with Magellan's DCBT programs
- Connect to Magellan's virtual and in-person providers*

The new program covers topics like:
