

April is Autism Acceptance Month

Neurodiversity involves acknowledging and valuing the diverse ways our brains work. Neurodivergent individuals experience, interact with and interpret the world in distinctive ways. When we appreciate and celebrate neurodiversity, we cultivate inclusive communities that allow neurodivergent individuals to thrive.

For more information and helpful resources, contact your Employee Assistance Program at 1-800-356-7089 (TTY 711) or go online to Member.MagellanHealthcare.com.
