

June is LGBTQIA+ Pride Month

Take pride in LGBTQIA+ equality

Everyone deserves to live safe, supported and mentally healthy lives, regardless of their sexual orientation or gender identity.

Here are ways in which you can support LGBTQIA+ individuals:

- 1 Educate yourself and others.** Learn about the history, struggles and achievements of the LGBTQIA+ community, and talk with others about LGBTQIA+ issues. Share your knowledge and experiences to dispel misconceptions.
- 2 Attend Pride events.** Show your solidarity by participating in local Pride events. It is a great way to celebrate diversity and have fun.
- 3 Be an advocate.** Use your voice to campaign for LGBTQIA+ rights and equality in your community and beyond.
- 4 Spread the word on social media.** Share uplifting messages, personal stories and helpful resources on your social media platforms. Use your voice to create a more inclusive and accepting online community.
